

RAL Standard Colour Chart

We offer 200+ RAL colours as below. Please specify the 4 digit code when ordering.

Note: Other colour codes are possible (RAL Design, RAL Effect and BS), however these are over and above standard RAL colour costs and often take longer in production. Contact us for details.

The colours represented on the following chart are for guidance only. The colour will depend on your monitor, browser and printer etc.. therefore these colours may not accurately represent the actual finished product. Type 'RAL Colour Chart' into a search engine to purchase a physical colour chart for better accuracy.
